# WHO WE ARE

*Ariana*

of Ariana Jordan Photography has been wielding a camera since 2006 and a full time wedding and portrait photographer since 2016. She likes to tell jokes, drink coffee, and create things. She married Drew and together they have a small, colorful home full of plants, critters and a pretty awesome daughter.

*Drew*

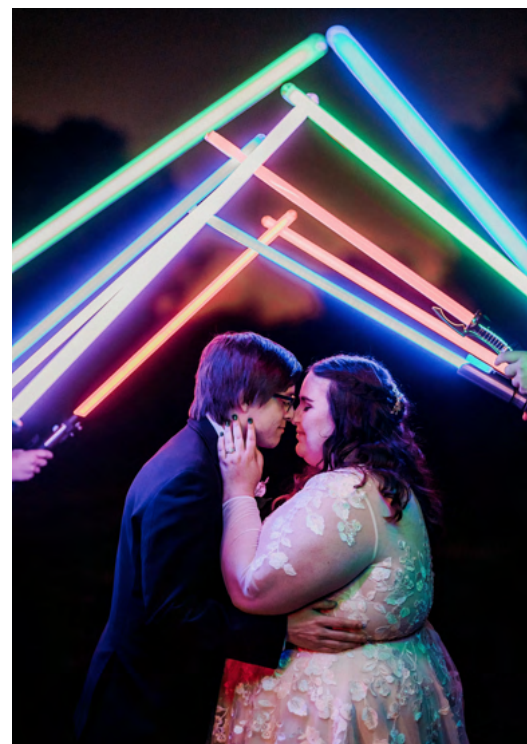

joined Ariana as a second shooter in 2014. He began working with video in 2018 and became a full-time filmmaker known as Maddox Made Film in 2019. He likes vinyl, old video games, playing music, and being the best dad ever.

*Maddox Made Weddings*

is a long-overdue collaboration of Ariana Jordan Photography + Maddox Made Film. We're a husband and wife team who create magical photography and timeless wedding films for couples across Kentucky and beyond.

We vibe with couples who are a little nerdy, who march to the beat of their own drum, who appreciate finding the magic in everyday life, and who want something a little different. We believe in offering an exceptional experience, capturing priceless memories, and making art out of it.

# *The* EXPERIENCE

## FIND YOUR PERSON

Choosing the right wedding photographer + filmmaker is all about finding someone you connect with, whose style you love, and whose personality meshes with your own. How your wedding day is remembered—it's kind of a big deal.

We might be those folks, and if you look through this pdf and think, “wow, I like this, they seem cool!” then we would love to hear from you! We can check a big box off of your wedding planning list: Capturing the moments?—we've got it covered.

## MAKE IT PERSONAL

When we arrive at your wedding, we want you to be hyped to see us! When you're having your big emotions, we want you to be comfortable expressing yourself. In the days leading up your wedding, we cultivate a relationship: we'll dream up all kinds of magic at your first consult and share all our pro tips; we'll have fun at your engagement session while learning which jokes make you laugh; we'll iron out all the details at your final consult to make sure your day flows without a hitch (except, ya know, the getting hitched part!).

## THE BIG DAY

We have over a decade of experience to not only provide you amazing photos and a priceless wedding film in any scenario, but a wonderful experience too. We will make swift work of the formal photos, help keep everything running smoothly, and make sure you actually get to eat your dinner!

## HAPPILY EVER AFTER

Let's be real, the hardest part of getting married is the agonizing wait for your photos + film to be ready. We make it as painless as possible with an exact delivery date you can count down to (and be delighted when they're done sooner!)

# TESTIMONIALS

Ariana and her husband recently shot our wedding. I can't talk more highly about them both! From the moment we booked them they were professional and very responsive to all the questions we had. Our engagement pictures turned out awesome! Ariana talked us through everything through the shoot which really made it easier for my husband who isn't a big fan of pictures. I am so happy we booked them for our wedding, they were attentive and so helpful on our wedding day! They went with the flow in addition to helping things run smoothly with the pictures and videos. I would highly recommend both of them.

*Jenni & Jeff*

We hired them to photograph & videograph our wedding and we were BLOWN AWAY with the pictures and the video! It far surpassed any of my expectations; to say that I am thrilled is an understatement. Ariana is so easy to work with. She made the day run smoothly. She took all the photos I wanted plus so many more. On top of that, her eye for photography is incredible. She's a true artist. Her husband's video work is incredible, as well; watching the video was like reliving the day. All of my family commented on how great they were to work with as well. I have a pretty big family and she coordinated the big family shots with ease. I can't praise the two enough, so if you're looking for a photographer definitely hire them!!
